Redefining care at home!

COMPANY OVERVIEW

At AHE Care Services, we pride ourselves on delivering exceptional care with a personal touch. With years of experience and a team of dedicated professionals, we're here to make every moment count for your loved ones. Your trust in us fuels our passion for what we do, and we're honoured to be by your side on this journey. Here's to creating meaningful connections and enhancing lives together!

VISION

At AHE Care Services, our vision is to redefine home care, setting a new standard of excellence in personalised support. We aspire to empower individuals to thrive in the comfort of their own homes, fostering independence and dignity at every stage of life. Through innovation and compassionate care, we seek to enrich the lives of our clients and their families, creating lasting bonds built on trust and respect. Together, we envision a future where every individual receives the highest quality of care, tailored to their unique needs and preferences.

MISSION

1. To provide compassionate and personalised home care services that promote independence and well-being for our clients.

2. To foster meaningful connections and trust with our clients and their families through open communication and reliable support.

3. To continually innovate and adapt our services to meet the evolving needs of those we serve, ensuring their comfort and satisfaction.

LIVE-IN CARE

Live-in care services offer a unique and comprehensive approach to home care, providing round-the-clock support and companionship for individuals who require continuous assistance with daily activities.

At AHE Care Services, our live-in care services are tailored to meet the specific needs and preferences of each client, ensuring they can remain comfortably and safely in the familiar surroundings of their own home.

Our highly trained and compassionate carers reside in your home, providing assistance with tasks such as personal care, meal preparation, medication management, mobility support, and light housekeeping. With a live-in carer present at all times, you have peace of mind knowing that help is readily available whenever you need it, day or night. Beyond practical support, our live-in carers also offer emotional companionship and social engagement, fostering meaningful connections and enhancing the overall quality of life for our clients. Whether it's sharing a meal, in conversation, engaging or participating in favourite activities, our carers strive to create a supportive and enriching environment that promotes well-being and happiness.

DOMICILIARY CARE

Our domiciliary care services are tailored to meet the unique needs of each individual, ranging from assistance with personal care tasks such as bathing, dressing, feeding, Shopping and medication management, meal preparation, and light housekeeping. Our team of dedicated carers is trained to provide compassionate support with respect for each client's preferences and dignity.

We believe in empowering you to live life on your own terms, which is why we offer flexible scheduling options to accommodate various lifestyles and routines. Whether you require short-term assistance during recovery or long-term support to manage chronic conditions, we are committed to providing reliable and consistent care that promotes independence and well-being.

Beyond practical assistance, our domiciliary care services also prioritise emotional support and companionship. Our carers are not just professionals; they are trusted companions who build meaningful relationships with our clients, providing companionship, conversation, and social engagement to combat loneliness and isolation. At AHE Services, we recognise that every individual is unique and that their care needs may evolve over time. That's why we regularly review and adjust our care plans to ensure they remain relevant and effective, providing the highest quality of care at all times.

RESPITE CARE

Respite services offer a crucial lifeline for family caregivers, providing temporary relief and support to those who care for individuals with special needs or chronic conditions.

At AHE care Services, we understand the demands and challenges faced by family caregivers, and we're here to offer compassionate respite care services designed to provide family caregivers with much-needed breaks while ensuring the well-being and safety of their loved ones.

Our respite care services are tailored to meet the unique needs of each individual and family. Whether you need a few hours of assistance or an extended period of care, our dedicated team is here to provide reliable and compassionate support.

We recognise that caregiving can be physically and emotionally demanding, and everyone deserves the opportunity to recharge and take care of themselves.

Our respite care services provide family caregivers with the peace of mind and freedom to rest, relax, and attend to their own needs, knowing that their loved ones are in capable and caring hands.

COMPLEX CARE

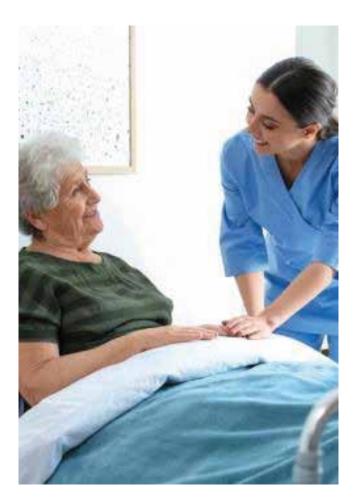

Our complex care services are designed to support individuals with a wide range of complex medical conditions, including neurological disorders, spinal cord injuries, traumatic brain injuries, degenerative diseases, and more. We work closely with healthcare professionals, including doctors, nurses, therapists, and specialists, to develop comprehensive care plans that address each individual's unique needs and goals.

Our team of highly trained and experienced carers possesses the skills and expertise necessary to provide specialised care, including assistance with activities of daily living, medication management, wound care, tube feeding, ventilator support, tracheostomy care, and other medical interventions. We prioritise safety, dignity, and respect in all aspects of care delivery, ensuring that individuals receive the support they need to live as independently and comfortably as possible.

In addition to addressing the physical needs of individuals, we also understand the importance of providing emotional support and companionship. Our carers build trusting and meaningful relationships with those in our care, offering companionship, encouragement, and assistance in navigating the emotional challenges that may accompany complex health conditions.

At AHE Care Services, we recognise that every individual requiring complex care has unique preferences, routines, and goals. That's why we take a person-centred approach to care, involving individuals and their families in the development and implementation of care plans to ensure they align with their values and preferences.

NIGHT CARE

Our night care services are designed to accommodate a wide range of needs, including those of individuals with disabilities, chronic illnesses, mobility limitations, dementia, and other conditions that may require nighttime assistance. Whether you need help with personal care tasks, medication management, mobility support, or simply reassurance and companionship during the night, our dedicated team of carers is here to provide the support you need.

We recognise that the nighttime hours can be particularly challenging for both individuals and their families, which is why our nightcare services offer peace of mind and reassurance. Our carers are trained to provide attentive and compassionate care, ensuring that you feel safe, comfortable, and well-cared for throughout the night.

In addition to meeting your practical needs, our nightcare services also prioritise emotional support and companionship. Our carers are not just professionals; they are trusted companions who build meaningful relationships with our clients, providing companionship, reassurance, and comfort during the nighttime hours.
